More than recycled, remade new

MetroPaint is previously unwanted paint remade new. It is screened for quality and rebled into desirable colors. MetroPaint goes through a strict color-matching process to ensure the colors are consistent from one gallon to the next.

.....

Straight-up thrifty

Great quality comes with serious affordability. MetroPaint is less than half the cost per gallon compared to other paint brands.

.....

Many uses

MetroPaint is perfect for both indoor and outdoor use. It includes mold and fungus inhibitors and has a five-year limited warranty. It rolls, brushes and sprays on smoothly for thick, rich coverage—often achieved in just one coat.

.....

Environmentally smart

Choosing MetroPaint supports an effort that has remade millions of gallons of latex paint, keeping these reusable resources out of landfills.

Using recycled paint:

- decreases your carbon footprint.
- reduces the need for landfill space.
- conserves the water needed to make new paint.
