## MOLD STAIN REMOVER

### WHAT IS RMR-86

**RMR-86** Mold Stain Remover is an ultra-fast stain remover designed to clean stains from mold and mildew within seconds of application. Our proprietary formula instantly targets deeply seated mold stains, which saves contractors or homeowners hours of time and labor.

## Works in SECONDS! Simple and Quick!

### HOW DOES IT WORK

**RMR-86** has been designed to penetrate deep into most materials to remove the staining left from even the worst of the worst fungal families.

### HOW IS IT APPLIED

**RMR-86** can be applied using a corrosive resistant pump sprayer or for larger projects RMR Solutions offers a 110v electric sprayer with 60 ft of hose; for faster applications on large jobs. Works great in confined areas such as attics or crawl spaces.

### HOW IS IT SOLD

**RMR-86** is sold in an easy to use 32 oz spray bottle, a 1 Gallon container for medium sized jobs. A Pro 2.5 Gallon container size is sold for contractors and larger projects, called **RMR-86 PRO**.

### APPLICATION RATE

**RMR-86** application rate will vary based on amount of staining. **RMR-86** is best applied through a corrosive resistant sprayer and temperatures above 45°F.

## Amazingly Powerful & Proven Products

# RMR-86 Mold Stain Remover

**Removes Mold Stains from Mold and Mildew in just Seconds!**

RMR-86 Mold Stain Remover is an aggressive stain remover designed to clean stains from mold and mildew within seconds of application. RMR-86 instantly targets deeply embedded mold stains, which saves the applicator time and labor. Works great on Wood, Concrete, Drywall, Tile & Grout, Vinyl and MORE!

## **DIRECTIONS**

ALWAYS USE WITH PROPER VENTILATION AND PPE. CONSULT SAFETY DATA SHEET (SDS) FOR DETAILED PRECAUTIONARY INFORMATION. NEVER MIX RMR-86 WITH ANY OTHER PRODUCTS.

## **PRODUCT APPLICATION**

1. Substrate should be cleared of all debris prior to application of RMR-86.
2. RMR-86 is Ready-to-use, dilution is NOT required.
3. Coverage is 200-400 sq. ft. per gallon depending on spray rate.
4. Contain and remove all excess overspray and dripping to avoid bleaching of non-target material (e.g. fabric and upholstery)
5. Multiple applications may be required on heavily stained material.
6. Do NOT apply RMR-86 to fabrics.
7. When using RMR-86 by itself, it is recommended to rinse the surface after use.

**RMR-86 has a 6-8 Month Shelf Life**

## **PRECAUTIONS**

**Wearing full PPE is required (Personal Protection Equipment) when handling and applying RMR-86. The minimum suit requirements are a hooded Tyvek or a chemical Poly Coated suit that is coated with a polyethylene film to protect against splash/spray. (Shieldtech 55 Chemical Protection and Sheildtech 35 Liquid/Particulate Protection coveralls) Other required materials include: latex gloves, and full face respirator with 3M 60923 P100 organic vapor/acid gas cartridge filter (or equivalent).** Close container after each use. Keep from freezing. Do not return unused product to the original container. Do not store at temperatures above 100°F. Properly dispose of all waste and unused product in accordance with Local, State and Federal regulations. For additional information and/or precautions check Safety Data Sheet (SDS) or Product Data Sheet (PDS) available online.
